

DISTRICT LEADER NAME: _____

INDIVIDUAL SURVEY OF NETS•A SKILLS–District Leaders

NATIONAL EDUCATIONAL TECHNOLOGY STANDARDS -ADMINISTRATORS

Directions: Mark the response that best represents your technology leadership practices. If you fully participate in the practice, choose YES, if only somewhat, choose A BIT, if you have not participated in this practice yet, choose NO.

This survey will be used to answer your final course assessment at the end of the day.

LEADERSHIP AND VISION	YES	A BIT	NO
1. I participate in an inclusive district process through which stakeholders formulate a shared vision that clearly defines expectations for technology use.			
2. I help develop a collaborative, technology-rich district strategic plan grounded in research.			
LEARNING AND TEACHING			
3. I help teachers and site administrators use technology to access, analyze, and interpret student performance data and use the results to appropriately design, assess, and modify student instruction.			
4. I promote, among faculty and other staff, highly effective practices in technology integration.			
5. I help to collaboratively design, implement, and participate in professional development activities for instructional staff that promote effective technology integration strategies for improved student learning.			
PRODUCTIVITY AND PROFESSIONAL PRACTICE			
6. I use current technology-based management systems to access and maintain personnel and student records.			
7. I use a variety of media and formats, including telecommunications and the district Web site, to communicate, interact, and collaborate with peers, experts, and other education stakeholders.			
8. I promote and model the use of technology to access, analyze, and interpret district data to improve student learning and productivity.			
SUPPORT, MAINTENANCE, OPERATIONS AND FINANCE

9. I allocate district discretionary funds and other resources to advance implementation of the technology plan.			
10. I am an advocate for adequate, timely, and high-quality technology support services.			
ASSESSMENT AND EVALUATION			
11. I provide district wide staff development for sharing work and resources across commonly used formats and platforms.			
12. I implement a teacher evaluation process that both assesses current implementation of established technology standards and guides professional development planning.			
13. I include effectiveness of technology use in the learning and teaching process as one criterion in assessing the performance of instructional staff.			
SOCIAL, LEGAL, AND ETHICAL ISSUES			
14. I secure and allocate technology resources to enable teachers and administrators to better meet the needs of all learners in the district.			
15. I adhere to the district's acceptable use policy and other policies and procedures related to security, copyright, and technology use, and enforce the same among staff and students.			
16. I participate in the development of facility plans that support environmentally safe and healthy practices related to the use of technology.
